

Emergency Thermal Blanket

Retains 98% of body heat.

Easily folds down to fit in small places.

Maintaining a steady, healthy body temperature is key, especially when the elements are not on your side. Stay warm and dry tucked into our handy metalized polyester thermal blankets. Double coated and manufactured to mill spec MIL- Spec DTL-0032532 Section 3.7.21, our product beats out the competitors single coated version. Packaging includes desiccate pouch to prevent moisture.

Shipping

	Height (in)	Width (in)	Depth (in)	Cube (ft ³)	Total Weight (lbs)
Each	5.12	3.54	0.275	0.030	1.9 oz
Case	9.45	17.3	9.65	1.720	34.0

Per Case 250 packets

Instructions for use:

- Unroll blanket to full length, drape over body, hold close as possible to concentrate body heat.
- When possible, cover head and draw legs towards chest to utilize and preserve body core temperature.
- For post-trauma shock, wrap blanket around victim and keep immobile. Get immediate help.
- Don't nick or puncture, store in dry place.
